

# Pulmonary Artery Segmentation Challenge 2022

## Parse 2022 Challenge Rule Agreement Consent

Please read carefully and return the signed document to the email: [parse2022@hotmail.com](mailto:parse2022@hotmail.com). Then we will approve your data accessing request by email.

1. The participants should register for this challenge with their real names, affiliation (including department, the full name of university/institute/company, and country), affiliation E-mails, and personal/group website. We won't approve the requests with incomplete and redundant registrations.
2. Participants should use the data only by themselves. Redistribution or transfer of data or data links is not allowed.
3. The participants can only register one team and account. Participants from the same research group are also not allowed to register multiple teams either. Organizers keep the right to disqualify such participants.
4. The participants can validate the results on the official grand-challenge website (<https://parse2022.grand-challenge.org/>).
5. For a fair comparison, participants are not allowed to use any additional data and pre-trained models for the validation results submission on grand-challenge.
6. After the challenge data is used, the challenge overview paper must be cited.
